A taco bar is perfect for corporate and social gatherings. We can make it as low-key or as fancy as you'd like. Choose 2 proteins and we'll take care of the rest. Taco Bars come with everything you need to build the perfect taco: flour tortillas, shredded lettuce, shredded cheese, diced tomatoes, diced onions, chopped cilantro, cut limes, diced fresh jalapeños, homemade hot sauce, green salsa, paper trays, forks and napkins. Want more than just tacos? Well, we've included all the extras: tortilla chips, queso, and 2 side items.
